NEWSLETTER 10 – Friday 9th of February

Dear Parents,

Thank you again for your support with the recent snow day and I do apologise for any inconvenience caused. As you are no doubt aware to close a school is a very difficult decision and not one taken lightly, however, when seeing an Amber weather warning and being issued with a warning of danger of travelling from the police, I will always have the safety of the children, staff and parents at the forefront of my mind. I will also try to give as much notice as possible to organise alternative arrangements. A special thanks to my staff for organising online lessons, a bonus for our school and in my opinion one of the educational benefits to come out of the pandemic.

Well done to the School's Year 4 Dodgeball Team who just missed out on a medal position and also the Year 6 Basketball Team who achieved runner up position at the Regionals, narrowly missing out on Gold position by one basket!

Thank you for all your contributions for Number Day for the NSPCC, the children looked great in all their outfits and they manage to raise £50 for charity. The winning House for the times table challenge and earning an extra 'House Mountain' was Mount Everest. A special mention goes to our Maths Lead Mrs Downings for organising such a successful and enjoyable day for the children and staff!

Please book in your Parents' Evening meeting with your child's class teacher, these will take place the week after the half term and will be the Hybrid format we now use, so either over the phone appointment or face to face. Information to follow over the course of the following week. All teacher clubs will be cancelled for that week, but Sports Clubs will continue.

Also, on the subject of cancellations, there will be no clubs on Wednesday the 14th of February after school due to staff attending online safety training updates. I have also organised for an online parental workshop to happen at a later date, more news of that to follow.

Best Wishes

Mr Bertram

PROJECT 25

I thought I would remind everyone of the school's core values in developing our children to where they are going to be at the age of 25:

Resilience

Compassion

Trust

Entrepreneurial spirit

Environmentally aware

Keeping Safe

STEM (Science, Technology, Engineering and Maths)

Respect

Thankfulness

Friendship

SAFEGUARDING is very important to us as a school. The Designated Lead at the School is Mr Bertram if you have any concerns about a child in our area please don't hesitate to contact him for advice. Safeguarding is everyone's responsibility.

I have also located a useful one stop shop of mental health support sights if anyone should require the need. [Mental health resources for children, students, parents, carers and school/college staff - The Education Hub \(blog.gov.uk\)](#)

As you are no doubt probably aware there has already been a spike in the number of illness in some of our local schools. I will you up to date with the latest government advice from Public Health England with regards to Coronavirus. I have listed below the current expectations from government with regards to protocols on prevention and school attendance should your child come down with symptoms, there are also useful links should you require more information, you can see these below:
