

Year 3 Maths Homework – 10.01.25

Task A: Using multiples of ten totalling 100

1) Find the missing numbers.

500	
420	

700	
690	

300	
	210

600	
550	

200	
	120

300	
270	

2) Find the missing numbers.

500		
440		30

600		
540	10	

700		
640		40

3) This bar model has two missing parts.

How many different ways can you use multiples of ten to make this correct?

500		
410		

500		
410		

500		
410		

500		
410		

Task B: Using doubles and near doubles of multiples of 10

1) Find the missing numbers.

130	30

170	70

280	80

370	70

290	90

480	70

2) Calculate the total height of the elephants and their hats.

Ezra is 260 cm tall.
His hat is 60 cm tall.

Ella is 180 cm tall.
Her hat is 70 cm tall.

Emiko is 190 cm tall.
Her hat is 80 cm tall.

3) Use any three of these numbers.

60	70	80	90	100	160	180	200
----	----	----	----	-----	-----	-----	-----

How many different ways can you complete the bar model?

350		

350		

350		

350
