NEWSLETTER 2 – Friday 26th September

Dear Parents,

The children have been very busy and it has been a great start to the new academic year for the children, as our recent visit from our County advisors highlighted, 'what a wonderful welcoming atmosphere here at Buxworth'. As you are no doubt aware, we have arranged trips for the next few terms and to help with your budgeting, we will ask for a contribution of around £20 per trip, averaging one a term (but this may vary). We are also very lucky to have other parents and school partners who sponsor some of our school trips, so thank you to them, you know who you are! The children are very lucky to have such an immersive curriculum and it is paramount to the development of deep knowledge and skills. Thank you to the staff for all their efforts in making such an experiential curriculum.

With regards to parking, could I ask that parents are courteous and conscience of our local residents at the busy times of the school day whilst parking, i.e drop-offs and pick-ups and please do not park opposite the junction outside the school. With this in mind I have again organised with St James Church for any parent to use their car park and there also now seems to be ample parking down by the canal basin.

Our Year 5s enjoyed a great Science Morning at New Mills High School, thank you to all parents who assisted with helping with transport. The children had a blast!

Democracy in action!- Congratulations to the new Pupil Parliament who were elected over the last couple of week and a big well done to the High Peak Kids Councillors who met their counterparts from the other High Peak schools for a team building day at Whitehall.

And finally, if anyone would like to volunteer to help with/run any after school clubs (a gardening club would be great!), please contact the office to discuss and for us to organise DBS checks etc.

Have a lovely weekend all.

Best Wishes

Mr Bertram

PROJECT 25

I thought I would remind everyone of the school's core values in developing our children to where they are going to be at the age of 25:

Resilience

Compassion

Trust

Entrepreneurial spirit

Environmentally aware

Keeping Safe

STEM (Science, Technology, Engineering and Maths)

Respect

Thankfulness

Friendship

SAFEGUARDING is very important to us as a school. The Designated Lead at the School is Mr Bertram if you have any concerns about a child in our area please don't hesitate to contact him for advice. Safeguarding is everyone's responsibility.

I have also located a useful one stop shop of mental health support sights if anyone should require the need. [Mental health resources for children, students, parents, carers and school/college staff - The Education Hub \(blog.gov.uk\)](#)

Best Wishes

Mr Bertram
