

Art and Design Technology

- Aviation Art and War Plane sketches– using a range of mixed media, create a 4-part sketch of a famous war plane.
- Looking at the work of Steven Heyen– to create sketches of people in action– War figures.
- Design, build, make and evaluate Anderson Shelters, creating, with accuracy, an effective scale model.

History

- Battle of Britain: a significant turning point in British History
- Understanding the changes over time due to historical battles; the use of ration books; life as an evacuee; the impact of war in British, Local and world history
- WWII across the world

Geography

- Identifying the countries involved in WWII including the Axis and Allies
- Studying maps and the geography of the war from 1939– 1945; looking at the troops progress through the countries
- Investigating weather and why the correct conditions were so important for the D-Day landings due to topography of land

Maths

Pre SATs: revision of SATs skills

After SATs: Transitional units taken from Oak National Academy –

- Statistics – constructing pie charts and line graphs
- Ratio and proportion
- Algebra
- Order of operations

English

For the first half term, we will be doing a mini writing topic about Witches and Wizards while we prepare our SATs evidence. We will be doing a range of genres including persuasive letters, instructions, fictional stories, Trip Advisor reviews and non-chronological reports.

We will also be reviewing our comprehension skills and revising what we have learnt in spelling, punctuation and grammar.

After half term we will continue to read and write through a variety of topic related activities (World War 2).

French

- Language Angels Scheme - Je Me Presente: French and to look at German to enable us to understand WWII commands and instructions

P.E

- Dance– Creating a 1940's inspired dance to perform in 3-part individual, group and class- using traditional swing style and modern-day cover music.
- P.A.S sports—for outdoor games: football– tag rugby– netball– high fives.

Buxworth Values

Compassionate, trustworthy, respectful, good friend, thankful, resilient, aspirational, entrepreneurial, environmental

PHSE and Safeguarding

Internet safety, keeping ourselves safe, respect of others, Bullying Matters, Growing Up

Science

- **Light**– Investigating the 'Blackout' during that war and how light travels. Discovering how we see light and objects. Identifying what makes the best periscope and using our knowledge of the eye, light and lenses to make periscopes for submarines
- **Forces**– Investigating what materials make the best parachutes for the troops and why. Identifying the key factors behind forces– air resistance and gravity.

Music

- Listening to a range of traditional music from 1940– big band and swing style
- listening to modern day covers
- Composition– in small groups compose new War songs

R.E. - Derbyshire Scheme:

- If God is everywhere, why go to a place of worship?
- Judaism—The Jewish Life and faith– the persecution and the Holocaust (non-in-depth study)
